Provision Processing System Lite Scale and Labeling Systems Custom and Packaged

PPS LTE is a second generation labeling software designed for food processing plants.

Using Microsoft SQL Server Technology, PPS LTE is an expandable scale labeling and shipping system. PPS LTE follows standard GS1 labeling practices for confidence when shipping to the largest of clients. Simple scale integration makes this a powerful system that can easily be expanded to PPS Full, a system capable of invoicing, scanning, inventory, production management and slaughter management. Online demo's available.
